## Pool Area

### Troy Rhone

TROY RHONE GARDEN DESIGN | BIRMINGHAM, ALABAMA + ATLANTA

“With the deck being so large, I looked for ways to soften the area,” Troy Rhone says of his pool area design. Brown hues and pops of orange add warmth to the gray flooring. “Furniture from Woodard adds playfulness to the contemporary nature of the pool,” he says. For the overall landscaping, Rhone stuck to flora in white and shades of green. “You can never go wrong with green and white. It works in all situations,” he says. Based in Birmingham, Alabama, and Atlanta, Troy Rhone Garden Design specializes in creating refreshing outdoor spaces that are extensions of interiors. His interest and passion for beautiful gardens took root as a child raised in a family of artists, gardeners, and writers.

“A WELL-DESIGNED GARDEN SHOULD REACH IN AND TOUCH OUR SOUL WHILE NOT OVERWHELMING THE DAY-TO-DAY LIFE OF THE ONE WHO CULTIVATES IT.”
